JOGNN *SUBJECT INDEX*

Volume 30

A
Abortion
  Japanese anxiety over elective, 490
  short-term grief after, 174
Abuse, pregnant women's perception of, 283
Acupressure, sea-bands nausea reduction during pregnancy, 61
African village women, health promotion and risk reduction, 224
AIDS. *See* HIV
Analgesia, circumcision effects and mothers and infant relationships, 507
Anguish, managing reemergence in anomalies loss, 291
Antepartum, bed rest and family effects, 165
Attitudes, culturally competent care skills, 209
AWHONN
  neonatal skin care practice project, 30
  neonatal skin care practice project outcomes, 41

B
Bed rest, antepartum mothers and family effects, 165
Birth
  outcomes reporting technology, 110
  population strategies preterm birth rates, 20
  postcesarean infection, 642
Bisexuals, sexuality and safe sex issues, 439
Breastfeeding
  community breastfeeding center evaluative survey, 392
  insufficient milk perception, 515
  multicultural populations and, 216
  national and international policies, 529

C
Cervical cancer
  Hispanic women cervical cancer screening perceptions, 240
  pap smears risk factors knowledge, 299
Circumcision, mothers and infant relationship and analgesia effects, 507
Cocaine addiction, mother's parenting skills and, 71
Community health, community breastfeeding center evaluative survey, 392
Condoms
  adolescent HIV protective strategies, 429
  HIV prevention for single urban women, 148
Congenital diaphragmatic hernia, update on, 259
Creighton Model, fertility appreciation, 386
Cultural issues
  breastfeeding care as, 216
  health inequities national goals, 523
  health promotion and risk reduction, 224
  Japanese anxiety over elective abortion, 490
  Kazakhstan Women's Wellness Center development, 231
  Latina domestic violence appropriate care, 579
  perimenopausal transition and sexual relations, 421
  women and newborns competent care, 209

D
Domestic violence, pregnant Latinas appropriate care, 579
DRG, obstetric outcome severity and risk adjusting, 98

E
Editorials
  Dr. Haller's scholarship dedication, 369
  nurses as friends, 257
  opportunity equal productivity, 565
  physicians as best friends, 137
  surviving the big one, 9
  team and write it up, 461
Education
  Native American strategies for, 13
  neonatal skin care practice project, 30
  neonatal skin care proactive project outcomes, 41
Egg donors, genetics screening self-instruction module, 617
Endometritis, pelvic inflammatory disease similarities and differences, 332
Ethical issues, human genome public policies, 541

F
Family planning, fertility appreciation, 386
Family
  abortion and short-term grief after, 174
  antepartum bed rest effects upon, 165
Fertility, Creighton Model for, 386
Fetal nuchal translucency, prenatal screening tool, 376

G
Genetic testing, human genome public policies, 541
Gestation, twin gestation care, 52
Grief
  abortion and short-term grief, 174
  anguish reemergence managing in anomalies loss, 291
  infant death parents guiding, 567

H
Health
  hysterectomy decisions, 607
  inequities reduction goals, 523
  nature as complementary therapy, 574
  policy development, 546
  promotion and risk reduction, 224
Helping Each Other Resist Smoking (HERS), 463
Hernia, congenital diaphragmatic update, 259
Hispanic women, cervical cancer screening perceptions, 240
HIV
  act locally think global, 342
  adolescent protective strategies, 429
  pregnancy screening opinions, 184
  prevention in single urban women, 148
Human genome, nursing perspective on, 541
Hyperbilirubinemia, test indicators for, 626
Hysterectomy
  symptom experiences after, 472
  women's decision regarding, 607

I
Incontinence, pregnancy and puerperium urinary, 634

I
Incontinence, pregnancy and puerperium urinary, 634

Incubators, low-birth-weight body temperature conversion vs. mother's arms, 157
Infant mortality
guiding parents through, 567
eliminating health inequities national goals, 523
parents guiding through, 567
Infants
adolescent mother's interactions, 410
body temperature conversion mother's arms vs. incubators, 157
circumcision analgesia effects, 507
low-birth-weight temperature conversion, 157
Infections
group B streptococcal maternal screening and treatment, 659
group B streptococcal in newborns, 649
postcesarean infections, 642
sexually transmitted nonviral infections, 324
sexually transmitted viral infection measures, 316
varicella in pregnancy, 667
Intrapartum care, evidence-based practice use, 371

J
Japanese, anxiety over elective abortion, 490

K
Kazakhstan, Women's Wellness Center development, 231
Knowledge, culturally competent care skills, 209

L
Latina, domestic violence culturally appropriate care, 579
Legal issues
human genome public policies, 541
teenagers pregnancy issues, 139
Lesbian, sexuality and safe sex issues, 439
Low-birth weight infants, body temperature conversion incubators vs. mother's arms, 157

M
Malawi village women, health promotion and risk reduction, 224
Management
RhD isoimmunization modalities, 589
women's services outcomes reflections, 89
Mothers
adolescent mother's infant interactions and, 410
breastfeeding national and international policies, 529
cocaine addiction and parenting skills, 71
infant relationship and circumcision analgesia effects, 507
low-birth-weight body temperature conversion vs. incubators, 157
pregnancy intention and prenatal care, 275

N
NANN
neonatal skin care practice project, 30
neonatal skin care practice project outcomes, 41
Native American women, strategies for practice, education and research, 13
Nature, women's complementary therapy, 574
Nausea, sea-bands acupressure during pregnancy, 61
Neonatal skin care
AWHONN/NANN practice project, 30
AWHONN/NANN practice project outcomes, 41
Newborns
circumcision analgesia effects, 507
culturally competent care for, 209
group B streptococcal infections in, 649
insufficient milk perception, 515
twin gestation improving outcomes, 52
Nurses
egg donor screening genetics self-instruction module, 617
health policy development, 546
human genome perspectives of, 541
hyperbilirubinemia test indicators, 626
teenagers pregnancy medicolegal issues, 139

O
Obstetric, outcome severity and risk adjusting, 98
Outcomes
DRG obstetric severity and risk adjusting, 98
intrapartum evidence-based practice care, 371
neonatal skin care project, 41
obstetric severity and risk adjusting, 98
twin gestation improving, 52
women's services reflections, 89
Ovarian failure, experiences of premature, 202

P
Pap smears
abnormal follow-up adherence improving, 80
cervical cancer risk factor knowledge, 299
vaginal health and infections, 306
Parenting
cocaine addiction mother's and, 71
infant death guiding, 567
self-efficacy and insufficient milk perception, 515
Pelvic inflammatory disease, endometritis similarities and differences, 332
Perimenopausal transition, sexual relations and, 421
Perimenopause, transition and sexual relations, 421
Population strategies, preterm birth rates reducing, 20
Postpartum, new normal experience for, 496
Practice
culturally competent care skills, 209
intrapartum evidence-based practice care, 371
management reflections on women's services, 89
Native American strategies for, 13
neonatal skin care practice project outcomes, 41
premature ovarian failure experiences, 202
prenatal screening tools, 376
teenagers pregnancy medicolegal issues, 139
Pregnancy
abuse perception during, 283
anguish managing in anomalies loss, 291
birth center outcomes reporting technology, 110
complicated and uncomplicated risk perceptions, 192
contemporary postpartum experience toward, 496
group B streptococcal in newborns, 649
group B streptococcal maternal screening and treatment, 659
HIV screening opinions on, 184
intrapartum evidence-based practice care, 371
Latina domestic violence culturally appropriate care, 579
postcesarean infection, 642
prenatal care and mother's intention of, 275
sea-bands acupressure for nausea reduction, 61

sexually transmitted nonviral infections, 324
sexually transmitted viral infections treatments, 316
teenagers medicolegal issues, 139
twin gestation cost reducing, 52
twin gestation improving outcomes, 52
urinary incontinence, 634
varicella infection in, 667
Prenatal care
fetal nuchal translucency screening, 376
mother's pregnancy intention and, 275
Preterm birth rates, population health strategy reducing, 20
Prevention
egg donors genetic screening self-instruction module, 617
eliminating health inequities national goals, 523
health policy development, 546
Hispanic women cervical cancer screening perceptions, 240
hyperbilirubinemia test indicators for, 626
Kazakhstan Women's Wellness Center development, 231
pregnancy intention and prenatal care, 275
primary care and sexual health history importance, 269
smoking community-based prevention program, 463
social influencing sexual at-risk circumstances, 481
Primary care, sexual health history importance, 269
Puerperium, urinary incontinence, 634

R
Reimbursements, obstetric outcome severity and risk adjusting, 98
Research
adolescent mother's infant interactions analysis, 410
Native American strategies for, 13
RhD isoimmunization, management modalities, 589

S
Sea-bands, nausea reduction during pregnancy, 61
Sexual relations
adolescent HIV protective strategies, 429
history importance in primary care, 269
lesbian and bisexual women issues, 439
nonviral infections transmitting, 324
perimenopausal transition and, 421
sexually transmitted viral infections treatments, 316
social influencing behaviors, 481
Sexually transmitted diseases
act locally think global, 342
lesbian and bisexuals safer sex issues, 439
nonviral infections, 324
viral infections epidemiology, 316
Smoking, community-based prevention program, 463
Social issues
adolescent mother's infant interactions, 410
health policy development, 546
human genome public policies, 541
Streptococcal infections
group B maternal screening and treatment, 659
group B in newborns, 649

T
Technology, birth center outcomes reporting, 110
Teenagers
adolescent mother's infant interactions and, 410
HIV protective strategies, 429
pregnancy medicolegal nurses issues, 139
smoking community-based prevention program, 463
social influencing sexual at-risk circumstances, 481
Temperature conversion, low-birth weight infants incubators vs. mother's arms, 157
Twins, twin gestation improving outcomes, 52

U
Urinary incontinence, 634

V
Vaginal health, infections and, 306
Varicella infection, pregnancy and, 667
Vomiting, sea-bands acupressure pregnancy use, 61

W
Women
abnormal pap smear follow-up adherence, 80
abortion and short-term grief after, 174
abuse perception during pregnancy, 283
antepartum bed rest and family effects, 165
culturally competent care for, 209
egg donors genetic screening self-instruction module, 617
